Hazelbrook Sober Living is an award-winning recovery program with both men's and women's homes along the Colorado front range and in Atlanta, Georgia. Our goal is lasting sobriety, which comes from a personal commitment to a change in lifestyle and personal growth.

What Makes Hazelbrook Different?

At Hazelbrook, we realize lasting recovery doesn't come from a one-size-fits-all approach. Our proven structure consists of a full-time on-site house manager as well as community and peer coaching support. We also offer a variety of groups and programs to support our residents in

building a productive and fulfilling way of life. Fostering healthy habits and behaviors is important to preparing every member of the Hazelbrook family for success.

We connect each of our residents with a **Peer Recovery Coach**. This mentor, who is in long term recovery themselves, works with the resident to remove barriers and overcome obstacles necessary for success. Our Recovery Coaching Program accelerates the progress of recovery by providing greater focus and awareness of choices, actions, and responsibility.

TSZ Program

Sobriety is a requirement for entering sober living homes. However, most individuals are released from detox facilities before they are fully detoxed or clean. Our **Transitional Safety Zone Program (TSZ)** offers these individuals a safe space to complete the detox process in a loving, well-equipped house with round-the-clock management, setting them up for a successful recovery.
